Why do you want to start a CSA?

Do you or anyone in your group have any prior experience with CSAs?

What neighborhood or area of the city would you like to start your CSA?

If neighborhood based, what are the boundaries of the area from which you plan to outreach to members? (please use street names)

North

East

South

West

Tell me a little about your neighborhood (languages spoken, availability of fresh produce, races/ethnicities, etc.)

Do you plan to do outreach to low income community members?

Are there organizations, churches, schools, businesses that you are considering or already planning on partnering with for the CSA? If so, how?

Below are elements of a CSA that you will need to put in place. You aren't expected to have these in place now but if you do or if you have ideas please indicate them below.

Distribution site:

Phone line/email address/website:

Meeting space (for core group meeting or outreach meetings):

Any other comments:

Thank You for Your Interest In Starting a CSA in NYC!
